

NORTH

3D PAPER TOY

GETTING STARTED

• Cut out all pieces along the solid lines. Don't forget to cut the slits on North's upper body—you'll need to insert his arms, head, and the elves later.

• Fold all pieces upward or downward along score lines.

MOUNTAIN FOLD

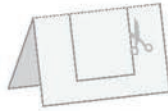

VALLEY FOLD

INSTRUCTIONS

DOUBLE-SIDED PIECES ARMS

Fold in half, glue together. After dried cut out along gray outlines. Set aside.

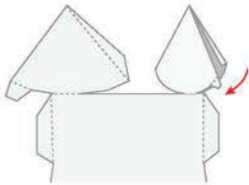

HEAD

1 Glue Tabs A & B to the back of NORTH'S BEARD. Then glue Tabs C & D to the back of NORTH'S HEAD, making sure to align edges. Set aside.

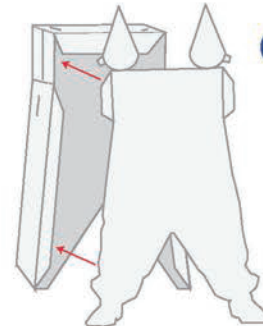

BODY

1 Start with the elves. Curl one around to create a cone shape, then tuck Tab E under the opposite edge. Glue the tab down, and hold in place to dry. Repeat these steps for the other elf.

2 Create the sides of NORTH'S BODY by gluing Tab F to North's back, making sure to line up the edges. Then glue Tab G to the backside of North's leg. Repeat these steps on the other side of North's body.

3 Glue the FRONT BODY to the BACK BODY by gluing in order Tabs H-L.

4 To secure elves in place, add glue on Tab P, and push the tab through the slot on North's shoulder. Hold in place to dry. Repeat these steps for Tab Q.

5 To attach North's HEAD add glue to Tab O and slide it into the slot on the top of North's BACK BODY. Glue down Tabs M-N onto the top of North's shoulders, hold in place to dry.

6 Insert arms into the sides of the body.

YOU'RE DONE!

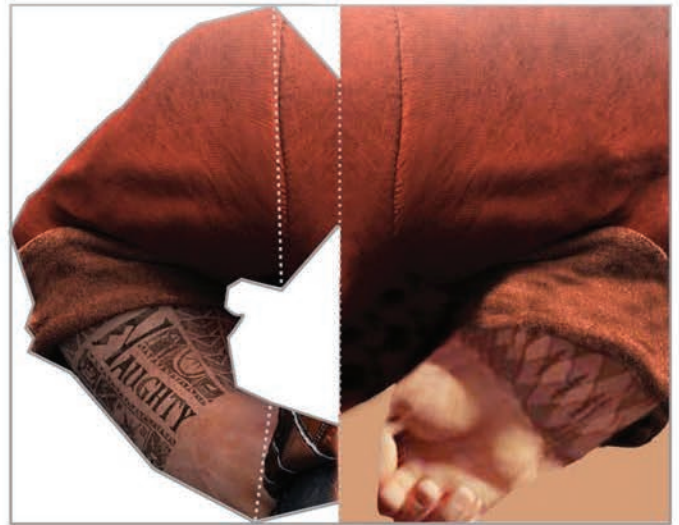

NOTE: In some places, North's FRONT pants will overhang.
