

TOOTHFAIRY

3D PAPER TOY

GETTING STARTED

- Cut out all pieces along the solid lines. Don't forget to cut the slits on Toothfairy's body—you'll need to insert her arms and wings later.
- Fold all pieces upward or downward along score lines.

INSTRUCTIONS

DOUBLE-SIDED PIECES HEAD, ARMS, WINGS

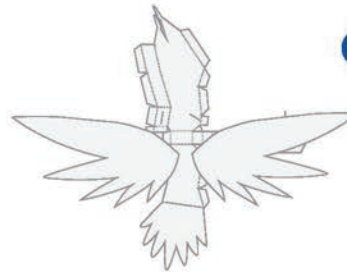

- 1 Fold in half, glue together. After dried cut out along gray outlines. Set aside.

BODY

- 1 Fold over FEATHER SKIRT Glue. Let dry. Cut out along pink line.

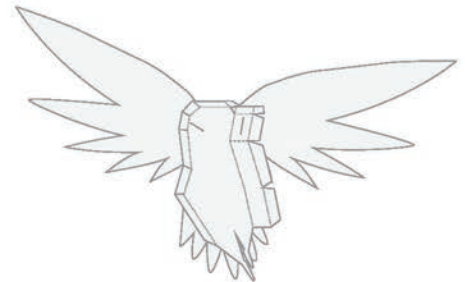

- 2 Insert WINGS into back of body, glue down.

- 3 Glue Tab A under right shoulder. Hold until dry. Next, one at a time glue Tabs B-E to BACK BODY.

- 4 Glue F Tabs (at the same time), hold until dry. Repeat the same process with Tabs G-I.

- 5 Glue Tab J to inside of LEFT LEG. Glue Tab K to inside of FEATHER SKIRT.

- 6 Insert arms into slots on the sides of the body. Glue head onto FRONT BODY.

BASE

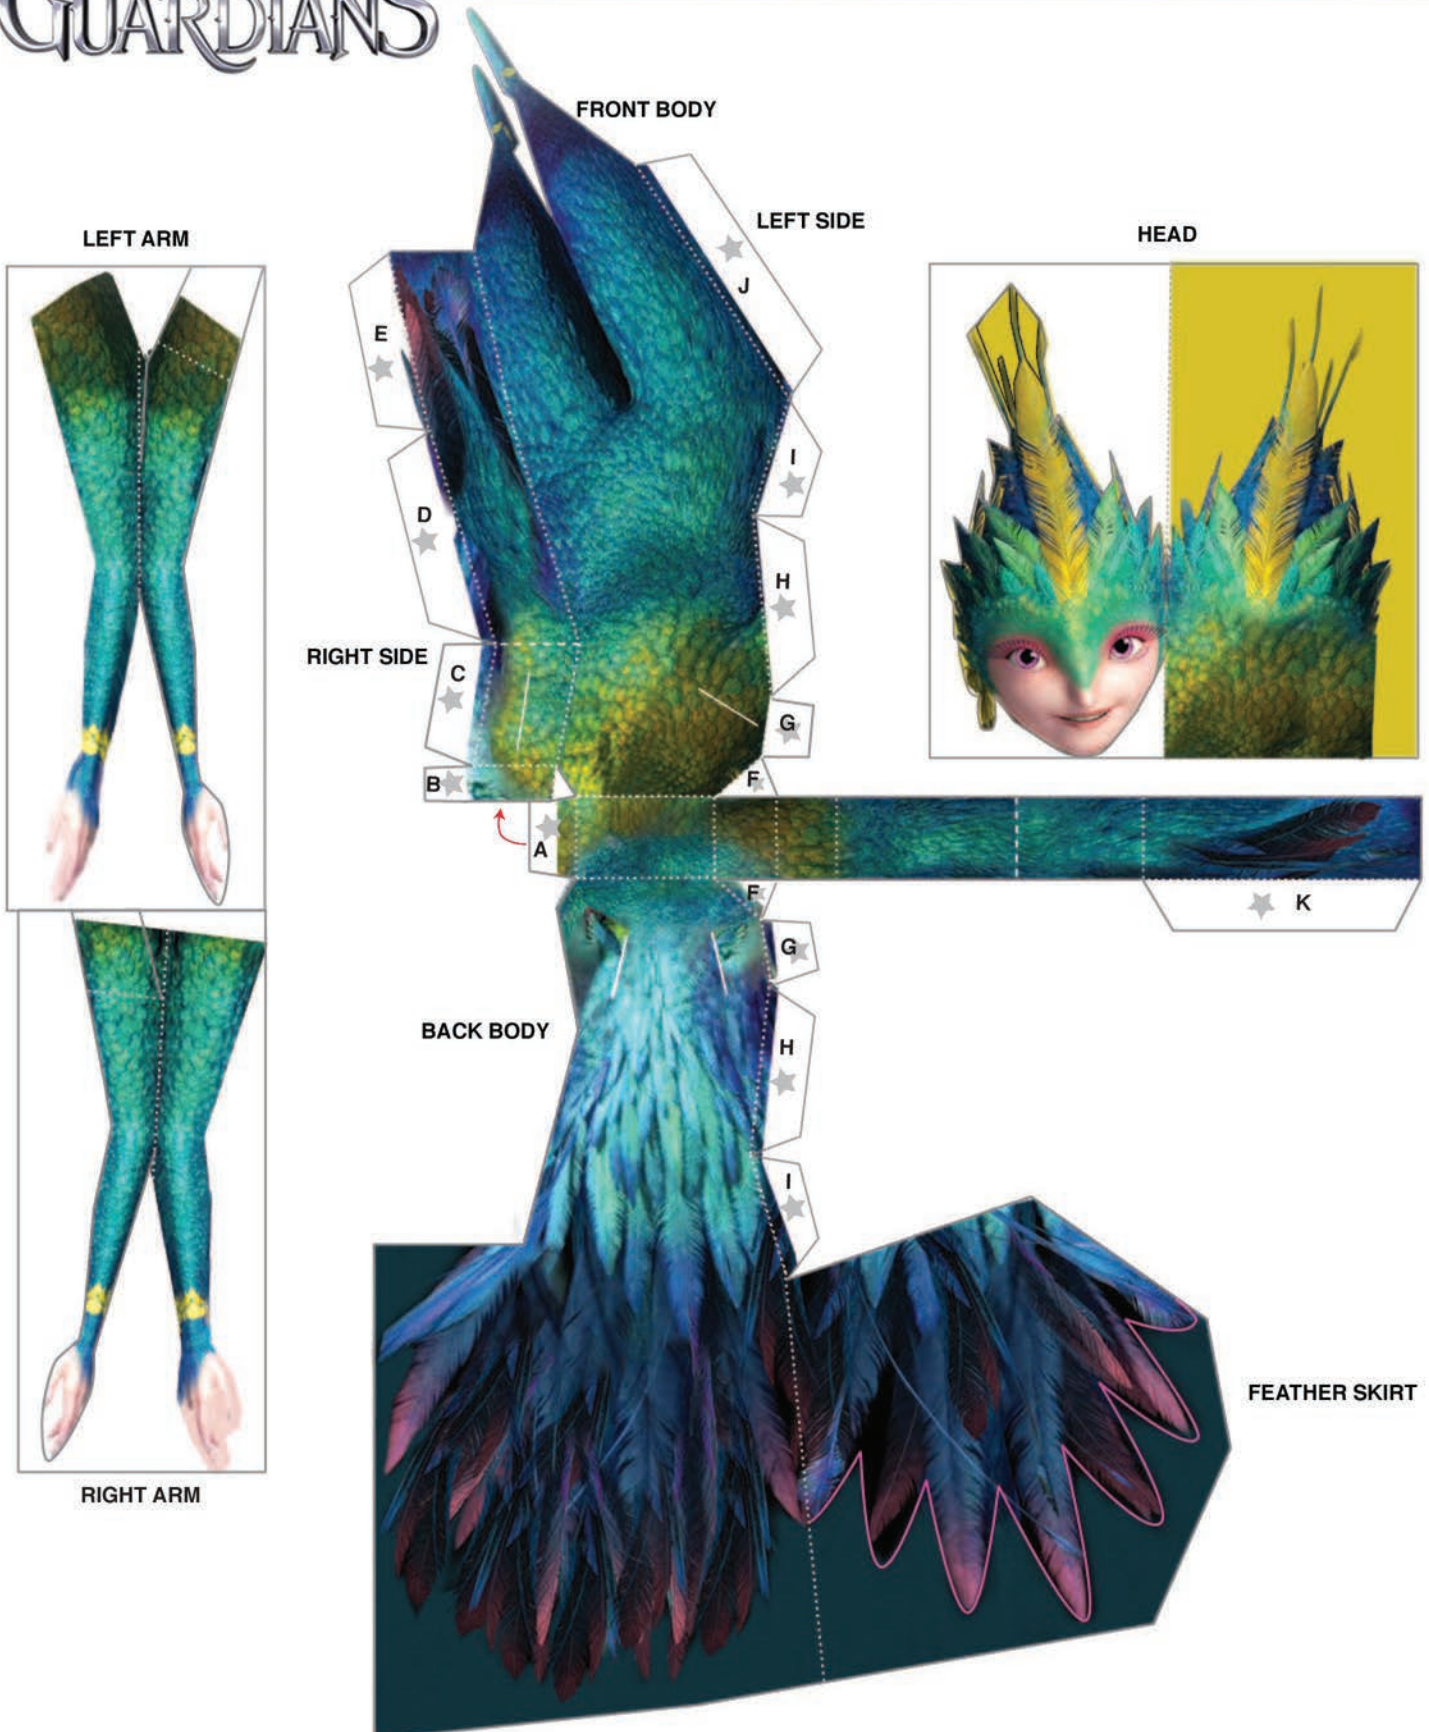

- 1 Fold down all tabs. Glue Tabs A- C in order. Close BASE by gluing Tab D.

- 2 Place Tooth Fairy on top of the base at a slight angle. For extra support add a small dab of glue to the bottom of her left wing and attach it to the backside of the body.
